Dear Ramkumar Kutty,

I was taken aback when I was passed on the news of the death of Aniyam. Actually I could not believe it, for there was no information about his sickness and consequent hospitalization. As ill luck would have it, he was declared to have been affected by the COVID-19 infection, denying the opportunity to thousands of his admirers from paying their tributes. Sitting at Kottakkal I can only pray for a place for him in Heaven.

My memoirs go to the past signifying the faith and love of our Valiyamman, Vaidyaratnam P.S. Varier, towards Aniyam's father, late P.V. Rama Varier. He was made a Trustee of the Arya Vaidya Sala when the founder bequeathed a WILL making AVS a Trust in 1939. He continued to be a Trustee even after setting up his own business at Coimbatore. Rest is history.

Aniyam could contribute something substantial for the development of the AVP and Ayurveda. He acquired name and fame on account of his tireless efforts. He devoted his life for the sake of our Ancient System of Medicine, Ayurveda. He would be remembered for many years by those who have had an opportunity of getting acquaintance with him one way or the other.

Please accept our heart-felt condolence at this hour of grief and convey the same to all concerned.

With personal regards,

Yours affectionately,

  
Kuttimman
